SPONSORSHIPS 2024

A MESSAGE FROM OUR PRESIDENT AND CEO, ABBY MORGAN

Hello Friend and Supporter,

As 2024 is a year for transitions for us after Gary Cook's retirement, we are looking forward to setting the tone for our Annual Fundraising Campaign. We are grateful for our continued community support and excited for new opportunities. I have had the pleasure of watching our financial backing from the community grow for over a decade, thanks in great part to our extraordinary past leadership and dedicated team at Direction Home.

While we embrace exciting changes this year, we are also aware that some things stay steady. It is important for us to remind you of the intense need your aging friends, family, and neighbors may be experiencing right in your neighborhood.

- »»»» 26% of the older adults in our region are living near or below poverty level, with 38% reporting an inability to pay for one month of long-term care.
- »»»» Approximately 21,500 older adults in the region experience food insecurity.
- »»»» Over 20,000 individuals call our Aging and Disability Resource Center for services and supports each year.

We are proud to say that our community's response to these demands shows progress. Our sponsorship opportunities fueling our advocacy campaigns are in high demand. Foundation and Award Sponsorships are at their highest point to date, with conference sponsorships up 78% and Awards Ceremony sponsorships up 79% from 2019. We are relying on your support to remain as your trusted leader in assessments, information and education, resource access, care management, and nursing facility advocacy. Please share our mission with those you know in need, and others who find themselves longing to make a meaningful impact for beloved older populations and those who care for them. Thank you for your support; we can't do it without you!

Cheers,

AGING IS AN ART FORM

“A man should hear a little music, read a little poetry, and see a fine picture every day of his life, in order that worldly cares may not obliterate the sense of the beautiful...”

—Johann Wolfgang von Goethe

As we age, our knowledge of and recognition of the beautiful only increases. Art has been shown to have a positive effect on brain health and in reducing caregiver stress.

Aging Is an Art Form is an opportunity for older adults to explore their creative instincts and learn new techniques from professionals. Different types of art forms take place throughout the year, including: events, workshops, classes, and individual projects contributing to a collective.

Your Aging is an Art Form Sponsorship provides much-needed supplies, instruction and access to older adults and their caregivers, depending on what art forms are available at the time. All sponsorships include your organization's name and logo on the advertising and promotional materials. Higher level sponsors can also benefit from social media posts and sponsor messages during the programming!
