

What Are My Medicare Options?

**Original Medicare**  
Part A - Hospital | Part B - Medical

Fee-for-service coverage under which the government pays your health care providers directly for your Part A and/or Part B benefits.

+

**Medicare Supplement**  
(Secondary) Insurance

Sold by private insurance companies to fill “gaps” in Original Medicare coverage.

Others may have coverage through a retirement health plan or Medicaid.

+

**Prescription Drug Coverage**  
Part D

Private companies approved by Medicare run these plans. Plans have different costs and cover different drugs.

OR

**Medicare Advantage Plans**  
(HMOs and PPOs)  
Part C

Offered by private companies that contract with Medicare to provide Part A and Part B benefits.

Plan types include health maintenance organizations (HMOs), preferred provider organizations (PPOs), private fee-for-service plans and more.

These plans take the place of Original Medicare and most include the Part D prescription drug benefit.

## What is Medicare Part D?

Part D is Medicare's comprehensive prescription drug coverage benefit and is available to anyone eligible for Medicare Part A or Part B. People with Medicare may enroll in Part D coverage through either a stand-alone plan or a Medicare Advantage plan. People on Medicare who choose not to enroll and have no other drug coverage may pay more for late enrollment.

## What Does Part D Cost?

Each Medicare drug plan has its own formulary. Many plans place drugs into different "tiers" on their formularies. Drugs in each tier have a different cost; drugs in a lower tier will generally cost you less than those in a higher tier.

**Monthly Premiums:** \$7.10 - \$99.00

**Annual Deductible:** \$0 - \$480

**Copays or Coinsurance:** 25% or flat amount until \$10,690.20 in total costs

**Catastrophic Coverage:** 5% coinsurance

## How Do I Choose a Part D Plan?

Each year you should review your plan options and look for three things:

- Convenience - Know what pharmacies are in network and if the plan has preferred pharmacies
- Cost - Know all possible out-of-pocket expenses
- Coverage - Make sure all your current prescription medications are included

## What is the 'Extra Help' Program?

Extra Help is a Medicare program that helps people with limited income and resources pay Medicare prescription drug costs. You may qualify for Extra Help, also called low-income subsidy (LIS), if your annual income and total resources are below these limits this year:

| Single Person   |          | Married Person  |          |
|-----------------|----------|-----------------|----------|
| Monthly Income: | \$1,719  | Monthly Income: | \$2,309  |
| Resources:      | \$15,510 | Resources:      | \$30,950 |

For help applying for Extra Help benefits, contact the the Ohio Department of Insurance at 800-686-1578.

## What Counts as Income and Resources?

Resources include money in a checking or savings account, stocks, bonds, mutual funds, and Individual Retirement Accounts (IRAs). Resources don't include your home, car, household items, burial plot, burial expenses (up to \$1,500 per person), or life insurance policies. Income includes any money received from social security, pensions, employment, interest and more.

If you qualify for Extra Help, Medicare will pay:

- All or most of the monthly premium
- All or most of the annual deductible
- Most of your copayments/coinsurance
- Full coverage during the donut hole

In 2022, drug costs for most people who qualify will be no more than \$3.95 for each generic drug and \$9.85 for each brand name drug. Look on the Extra Help letters you get, or contact your plan to find out your exact costs.

**NOTE: All people with Medicare should review their drug options EVERY year and choose the plan that's best for them!**
