

THE STRUCTURE OF MyCare Ohio

MyCare Ohio is not a new Waiver. It is, instead, a partnership between the Ohio Dept. of Medicaid, Ohio Department of Aging, and the managed care organizations to administer the existing waivers.

CM Note: CareSource Identifies the PP/ALW Care Manager as such; United Healthcare identifies them as Waiver Service Coordinators (while UHC also has their own CM's) Also note the absence of arrows depicting the integral and frequent interaction between the Care Manager and the providers - more arrows would have made it more confusing.
