

# DIRECTION HOME

AKRON CANTON AREA AGENCY ON AGING & DISABILITIES

## Aging & Disability Resource Center Call us for help with your home care needs.

The Aging and Disability Resource Center (ADRC) is your front door to all of the services, supports and long-term care expertise that Direction Home Akron Canton has to offer. The ADRC is here to provide you with screenings, assessments, and printed material from our resource library. The best part is that all ADRC services are FREE and provided by trusted and certified individuals.

- **FREE** information and supports available from the comforts of home
- **FREE** telephone assessments to determine long-term care needs and options
- **FREE** in-home assessments, as able, with a Direction Home Registered Nurse (RN) to determine eligibility for programs and next steps
- **FREE** referrals for family, loved ones, patients, and neighbors
- **ANYONE** can call!

### Get help with:

- Home and Community Resources (like meals, transportation, home medical equipment, & more!)
- Alzheimer's and Dementia
- Family Caregiver Support
- Program Screening/Eligibility
- In-home\* or telephonic screenings/assessments

## Frequently Asked Questions

**DO YOU OR YOUR LOVED ONES NEED SUPPORT WITH CARE AT HOME?  
WE'RE HERE TO HELP:**

### **What is the screening and assessment?**

First, we speak with you over the phone to determine what your current needs may be. Then, we assist you in identifying long-term care options. Next, if desired, we can arrange a free in-person\* assessment with one of our Registered Nurses (RNs) so that the ADRC can help you apply or sign up for Agency and community programs.

### **Who can call?**

Anyone, at any age, can call the ADRC for long-term care planning and information. We can also accept referrals for others, provide caregiver assistance, and more.

### **What does it cost? Do I need to sign up for anything?**

Telephonic and in-person\* assessments to identify long-term care needs are completely **FREE**. Our ADRC representatives are happy to walk you through your options, and then next steps are completely up to you!

### **What other services are available through the ADRC?**

Aside from program screening/eligibility and home and community-based services, the ADRC can help you or a loved one access education opportunities for lifelong learning, inclusive arts experiences, extra help with Medicare savings and Medicare education, family caregiver support, health and wellness classes, and so much more.
