

COVID-19 Vaccine Eligibility

Eligible Phases Scheduling Process*

Beginning October 1 - Boosters doses will be offered at the Whipple-Dale Centre located at 2950 Whipple Ave NW, Canton, OH 44708 and all other vaccine clinics will be held at the Stark County Health Department located at 7235 Whipple Ave NW, North Canton, OH 44720. Pfizer is the only vaccine approved for a booster dose at this time. Appointments can be scheduled at [ArmorVax.com](https://armorvax.com) or by calling 330.451.1681.

The Pfizer-BioNTech vaccine is available for all those residents 12 years of age and older. The Stark County Health Department is launching new way for residents to self-schedule for their COVID-19 vaccine: ArmorVax. The ArmorVax platform is available at [ArmorVax.com](https://armorvax.com) and as a mobile app for [Apple](#) and [Android](#) devices. The department will no longer be using the previous web platform to register residents moving forward. All those under the age of 18 will have to be accompanied by their parent or legal guardian to the clinic. Upon checking in, the parent or legal guardian will have to sign a release form for the minor to receive their vaccine.

However, those that **do not have access to a computer**, internet or who have difficulty using Armorvax may still call the registration phone line at 330.451.1681 to leave their information.

Once scheduled, residents should show up for their scheduled time with their driver's license and health insurance card if they have one. Those without insurance will still receive their vaccination.
